RELEVANT WORK EXPERIENCE

JUNIOR GAME PROGRAMMER Big Ant Studios

Aug 2022 to Current

- Develop and maintain the AWS server infrastructure, primarily RDS, Lambda, S3 and SQS.
- Managing MySQL Databases.
- Troubleshoot, debug and resolve server related issues and ensuring higher server performance.
- Maintain AWS Eventbridge Schedulers for Live service features.
- Design and Implement new systems and data structures.
- Debug and maintain existing network systems inside game engine.
- Debug and resolve common problems in the game engine such as UI imperfections, load times, performance issues and API transmissions.

UNITY DEVELOPER Virtual Planet Studios Pty Ltd

Mar 2022 to Jun 2022

(Employment ended due to Company Wind up)

- Created and Programmed virtual shopping App. Designed for VR online shopping, virtually walking in store, aisle by aisle where visibly see items on shelf and place in shopping trolley which is visible in front of you.
- Attended client on-site visits to demonstrate Shopping App in progress.
- Modifications to Melbourne virtual tourist App, challenges were identifying exact geolocation.

EXPERIENCE

INFORMATION TECHNOLOGY HELP DESK SUPPORT

Feb 2019 to Dec 2019

Moonee Valley City Council - Melbourne, VIC

(School Based Traineeship Program, where I continued full-time as a Christmas Casual)

- Configuring, troubleshooting and installing computers, laptops, printers, tablets and mobile phones.
- Worked autonomously and as part of a team.
- Used networking fundamentals, remote desktop tools and various IT projects.
- Reviewed requests for service to resolve IT difficulties, documenting and fielding tickets to improve problem resolution.
- Tackled troubleshooting and problem resolution to support end-user technical issues.
- Monitored IT use to maintain compliance with established processes, policies and guidelines.
- Assisted staff and customers with various types of technical issues and support for computers, laptops, printers, tablets, mobiles associated software applications.

CREW TRAINER

Sept 2015 to 2022
